

A community of support

for children with cancer

Every kid has the right to be a kid, but kids with cancer often don't have the chance to enjoy camp and other traditional childhood activities. That's why Special Love was started in 1983.

Through **Camp Fantastic**, a week-long adventure in August, BRASS Camp for brothers and sisters, and over a dozen other events for patients, families, and friends, Special Love provides a year-round community of support at a time when families need it most.

All of Special Love's programs are supported entirely by private, tax-deductible contributions. For more information or to join our mailing list, call us toll-free at 888-930-2707 or visit us online at

www.speciallove.org.
