

## 30 Years & 30 Heroes

Hero # 5 of 30

**Keeghan** was an inspiration—in just two years at Camp Fantastic (2007-2008), he was not only the subject of countless photos (like the iconic “first shot” of our new Mystery Machine (at middle left), but even a painting by Special Love founder Tom Baker (at bottom). Keeghan left us with a legacy of smiles and fun, including his enthusiasm over Pirate Night, horses, stuffed dogs, and the amazing talent show act he did with his dad, Mike. Most of all, he left a legacy of courage in his 2 1/2 year battle against anaplastic astrocytoma, a rare brain tumor. He and his sister, Mackenzie, who has made her own mark on BRASS Camp, our exclusive program for siblings, share a birthday week—his on March 7th, hers on the 11th (which makes his selection as our current hero even more appropriate!) Mackenzie will be making quite the commitment to be at BRASS Camp this year as she and her family now live in Japan! Her mom, Shannon, says:

**“Keeghan loved you guys and Camp Fantastic was his favorite place in the world. BRASS Camp is still Mackenzie's favorite place. Honestly, there are not enough words to properly express how I feel about Special Love. You guys are all amazing.”**

Check out our 30th Anniversary painting, also by Tom Baker (it’s in the online version of our Spring LoveLetter, which you’ll find on Facebook and our website). The background light was inspired by kids like Keeghan!
